#### 六、选出正确的答案(10分)。

A taxi hit a bus. A policeman spoke to the taxi driver and the bus driver. He also spoke to Peter. He was a witness. This is what they said.

BUS DRIVER: I drove from the airport to Newton. A car crossed the road, so I slowed down. A taxi hit the back of my bus. Luckily, nobody was hurt.

TAXI DRIVER: I drove behind the bus. The bus stopped suddenly. The driver did not give me a warning. I drove very slowly. I could not pass the bus because there were two cars coming near from Newton. My taxi hit the bus, and some glass cut my left hand.

PETER: I watched the traffic accident. A bus went to Newton. It didn't go very quickly. There was a taxi about two hundred meters behind the bus. It went fast. When the bus slowed down, the taxi hit it. The taxi driver didn't look at the bus. He looked out of the window at something. My friend saw the accident, too.

Peter's friend spoke to the policeman and agreed with Peter.

POLICE: OK, I see.

### Part 3 跨学科能力 (20分)

七、阅读材料,判断正误(10分)。

#### Natural Disasters

A hurricane is strong weather that starts over the warm ocean. It's a very big storm and can be very dangerous. It makes lots of rain, wind, and large waves, which can break homes, cars, buildings, and trees. The center of a hurricane is called "the Eye". Hurricanes are given numbers, from one to five. Five is the strongest and the most dangerous. Hurricanes are usually given names. Would you like a hurricane to be named after you?

#### What to Do in a Hurricane

Turn on your TV/radio, or check your city/county website every 30 minutes in order to get the latest weather updates and emergency instructions.

Build or restock your emergency preparedness kit. Include a flashlight, batteries, cash, and first aid supplies.

Follow evacuation orders from local officials, if given.

If you are ordered to evacuate, know the local hurricane evacuation route(s) to take and have a plan for where you can stay.

Contact your local emergency management agency for more information.

If you're not in an area that is recommended for evacuation, plan to stay at home or where you are and let friends and family know where you are. For example, you can call, text, email or use social media. Remember that during disasters, sending text messages is usually reliable and faster than making phone calls because phone lines are often overloaded.

Stay away from windows. Flying glass from broken windows could injure you.

True or False

- ( ) 1. You should buy candles and batteries in case the electricity doesn't work.  
( ) 2. You shouldn't wear shoes in case you step on something dangerous.  
( ) 3. You should get food and water because they can keep you alive.  
( ) 4. Plan to communicate with family members before the power cut.

### Welcome a Fresh Start for the New Year

NEW Year is coming on Jan. 1st! It is a big day for many people. Around the world, there are many New Year customs and traditions. From watching the ball drop in New York, to throwing a chair in South Africa, everyone is excited to celebrate this big day!

#### UK

British people enjoy the tradition of singing an old song on New Year's Eve. The song is Auld Lang Syne (《友谊地久天长》). It is a Scottish poem. Scottish poet Robert Burns wrote it in 1788. Auld Lang Syne is Scottish for good old times. People sing it to say thank you to the old year and to welcome the New Year. While singing the song, people also dance together.

#### US

The most famous tradition is the dropping of the New Year ball in Times Square, New York. Every year as the clock nears midnight on Dec 31st, a lot of people come together to watch it. When the ball drops, people also count down the final seconds of the year: 10, 9, 8... It's an exciting way to end the year!

#### Australia

In Sydney, the New Year firework show catches people's eyes. The celebration starts every midnight on Dec. 31 at the Sydney Harbor Bridge. The show usually lasts about an hour. When the colorful fireworks light up the dark sky, people hug and kiss each other on the cheek to celebrate the coming New Year.

#### Spain

Spanish people have an interesting tradition to celebrate New Year's Day. They eat 12 grapes on New Year's Eve. Every grape stands for each month of the year. Spanish believe that eating grapes brings good luck for the coming year. The tradition started on 1909. At that time, people wanted to find a way to sell grapes. Gradually, it became the country's tradition.

#### South Africa

New Year's Eve is the time to say goodbye to the old. People in South Africa also do so. On midnight of Dec. 31st, many people in Johannesburg, the capital of South Africa, throw old things like desks and chairs out of the window. By doing this, they wish themselves good luck in the coming year.

七、阅读材料,按要求答题(10分)。

#### Why the Earth Is Round

Our never-thought to ask question for today is: Why is the earth round? Why not a cube? A cube? No, that's silly. Is it? Why? Because really big things like to be round for some reason. Exactly right. And that reason is gravity.

Think of it in this way: Suppose the earth was a cube, then some points on its surface would be farther away from the center than others. The corners, for example, would be much farther out than the rest.

Since gravity works equally on everything, there would be a tendency to pull those uneven places down. The surface would even itself out. The only geometrical object in which every point on the surface is the same distance from the center is a sphere.

- ( ) 1. According to the passage, the word "uneven" means \_\_\_\_\_.  
A. rough B. uncomfortable C. unfair
- ( ) 2. The earth is round because \_\_\_\_\_.  
A. big things like to be round  
B. some points on its surface would be farther away from the center than others  
C. gravity makes the surface even itself out
- ( ) 3. Which picture shows "sphere"?

- ( ) 4. Which of the following sentences is not True?  
A. Every time you jump, you experience gravity. It pulls you back down to the ground.  
B. The force of gravity that you feel on the surface of the Earth is the same as what you would experience at the distance of the Moon.  
C. Gravity comes from mass. The more mass an object has, the more gravity it will exert on objects around it.
- ( ) 5. Once out of the earth's gravity, \_\_\_\_\_.  
A. the bird can fly in the sky  
B. we can use heated air to make the hot-air balloons rise up into the sky  
C. the astronaut is affected by the problem of weightlessness
